LOT 804 - 2020 Big Tex 12PT-40BK Pipe Trailer, VIN: 16V1P4524L2087450, Salvage Title

Description

The 12PT from Big Tex Trailers is specifically designed for hauling pipe in the field, engineered with pipe haulers in mind for easy loading and unloading to maximize field efficiency. This unit features a forged adjustable 2-5/16" coupler paired with a setback 7,000 lb drop leg jack for reliable hitching and support.

The trailer rides on Dexter brand axles with a cambered design, equipped with EZ Lube hubs and Nev-R-Adjust electric brakes on all hubs for consistent stopping power. The lighting system uses a grommet-mount sealed LED lighting package for durability and visibility. A practical storage area is located between the axles for additional cargo capacity.

The mainframe is constructed from 3-1/2" O.D. SC 40 pipe for robust strength, and the trailer includes five 4" winches with straps and winch bar for securing loads. Six 1" removable pipe stakes provide flexible load configuration options. Safety and convenience features include a spare tire mount, complete break-away system with charger, and radial tires for reliable road performance.

Quantity: 1
