

Sale Name: BigTex, B Wise & Orange Line Trailers | Dumps • Flatbeds • Utility Trailers
LOT 813 - 2025 B Wise DT714LP-LE-14 Dump Trailer, VIN: 58CB1DC24DC0055256

Description

The DT14 is a galvanized low-profile dump trailer measuring 81.5" wide by 14' long and with a 14,000 lb GVWR. It features an 8" channel main frame with a formed bed constructed from 12-gauge steel and includes a 76A floor finish.

The hitching system consists of a 2-5/16" adjustable coupler supported by a 12K drop leg jack for stability during loading and unloading. The dumping mechanism utilizes twin telescopic cylinders powered by a deep cycle battery system, with a combo gate featuring spread rings for versatile material handling.

The trailer rides on a 7K stainless steel tandem axle setup with electric brakes and ST235/80R16 MOD tires. The galvanized construction enhances corrosion resistance for extended durability in various working conditions.
