**LOT 814 - 2025 B Wise DT14LP-LE-14 GALV Dump Trailer, VIN: 58CB1DC24SC004866**

### Description

The DT714LP-LE-14-A is a galvanized low-profile dump trailer measuring 81.5" wide by 14' long with a 14,000 lb GVWR. The trailer features a 6" channel main frame with formed bed sides for enhanced structural integrity and material containment.

The hitching system includes a 2-5/16" adjustable coupler supported by a 12K drop leg jack for stable loading and unloading operations. The dumping mechanism utilizes twin telescopic cylinders powered by a deep cycle battery system, with a combo gate that incorporates ramps and D-rings for versatile material handling and equipment loading.

The trailer rides on a 7K stainless steel tandem axle setup with electric brakes and ST235/80R16E radial tires on 8-lug galvanized wheels. The complete galvanized construction provides superior corrosion resistance and extended service life in demanding work environments.
