LOT 817 - 2024 B-Wise DDHD14-15-H Dump Trailer, VIN: 58CB1DC24SC000008

Description

The DDHD14-15-H is a heavy-duty deck-over dump trailer measuring 84" wide by 14' long with a 15,400 lb GVWR. The trailer features an 8" tube main frame construction with 48" fixed sides, 10-gauge floor, and 12-gauge sides for robust material containment and structural integrity.

The hitching system includes a 2-5/16" adjustable coupler supported by a hydraulic jack for stable positioning during loading and dumping operations. The dumping mechanism utilizes a heavy-duty hoist with a 5" cylinder powered by a Group 27 deep cycle battery system that includes a battery charger for reliable operation.

The trailer rides on a 7K stainless steel tandem axle setup with electric brakes and ST235/80R16E radial tires on black mod wheels. Additional features include a barn door gate configuration and a two-tone black finish with gray frame accents for enhanced appearance and durability.

Quantity: 1
