

Sale Name: BigTex, B Wise & Orange Line Trailers | Dumps • Flatbeds • Utility Trailers
LOT 819 - 2024 B Wise DT716PLE-14-4 Dump Trailer, VIN: 58CB1DD23RC006004

Description

The DT716LP-LE-14-A is a low-profile dump trailer measuring 81.5" wide by 16' long and with a 14,000 lb GVWR. It features an 8" channel main frame with formed bed sides for enhanced structural integrity and material containment during transport and dumping operations.

The hitching system includes an adjustable pintle ring rated for 20K lbs, supported by a 12K drop leg jack for stable positioning during loading and unloading. The dumping mechanism utilizes twin telescopic cylinders powered by a deep cycle battery system, with a combo gate that incorporates ramps and D-rings for versatile material handling and equipment loading capabilities.

The trailer rides on a 7K stainless steel tandem axle setup with electric brakes and ST235/80R16E radial tires on black mod wheels. Additional features include rear stabilizer jacks for enhanced stability during dumping operations, and the trailer comes finished in black for a professional appearance and durability.

Quantity: 1
