LOT 821 - 2024 B Wise DUG14-16 Dump Trailer, VIN: 58CB3DC23SC000009

Description

The B WISE DUG14-16 is a 7' x 16' dump trailer with a 14,000 lb GVWR. It has an 8" tube frame, 10-gauge steel floor, and 48" sides with 20" fold-down sections. The trailer uses a 2 5/16" adjustable coupler and comes with either a 10K hydraulic jack or a 12K spring-loaded drop leg jack.

The dumping system features a 5" hydraulic cylinder with for power up/down operation. The hydraulic double-acting ramp/gate functions as both a loading ramp and spreader gate, with 6' slide-in ramps included. The trailer runs on 7,000 lb premium tandem axles with slipper spring suspension, self-adjusting brakes, and 16" wheels (black mod or aluminum options) plus an aluminum spare.

Standard equipment includes LED lights, 6 D-rings, full-height stake pockets with tarp rail, lockable battery box with group 27 battery, wireless remote, 5 amp charger, rear stabilizer legs, and spare tire mount. The trailer is designed for landscapers, contractors, and roofers who need to haul and dump materials efficiently.
